Subject: Petition application be revived.....unintentional.

I request that the patent application 10/796,001 be
revived on the grounds that I unintentionally delayed
the application during the hurricane season of 2004.
At that time I was in the process of a job change
with family to the state of Florida from the state of Texas.
We were rushed out of Florida several times and during
this unusual transition and I never received the last
set of notices. I had call multiple times, at least once
per month and was told it was being processed and to
check back after the USPTO had completed its relocation move.
Thanks for revising the application.
